2009 CSI Baseball Media Guide

About the Cover: The Golden Eagles return 13 players hungry for a Region 18 Championship. They along with head coach Boomer Walker and assistant Skip Walker will join 12 new players and two new assistant coaches to fight for the right to host the conference tournament in a very competitive league.

This publication was produced by Karen Baumert, CSI sports information director. Doug Maughan and Tereasa Bendele took the photos for the athlete mug shots. Graphic design and layout for the cover and inside cover as well as pages 42-51 were done by Tereasa Bendele. Action photography throughout the publication was taken by Andy Arenz and Randy Burbank.

CSI will use a team-first philosophy to define this year's Golden Eagle squad

CSI head coach Boomer Walker thinks this group of players has one thing that was missing last season - team chemistry. "Our biggest strength is that this group of guys just like each other," Walker said. "More than the work ethic that they have is that there is no division. They are one cohesive unit. There is not a guy on the team that doesn't want his teammate to succeed."

While team unity is key, Walker knows that you still have to have talent.

"We have depth everywhere," he said. "We have guys that play multiple positions, 15 hitters and lots of depth at the pitcher position. And more than all that, we have players that don't want to disappoint the team."

Because Walker is so excited about this season's team, he found it difficult to find weaknesses.

"Maybe that we have only one left-handed pitcher," Walker said. "One weakness might be the unknown on what it takes to win the league. They will need to feel their way through to learn what it takes to win in the end."

There are 11 players from last season's team along with Alex Hancock, who played for the Golden Eagles in 2006 and Trent Johnson, who played for CSI in 2007. Those 13 are joined with 12 freshmen.

Four key players that return include 2008 second-team all-region selections Tyler Chism, Garrett Wolff and Justin Jensen and 2007 first-team all-region selection Trent Johnson.

That does not include the Golden Eagles top hitter last season - Victor Spencer.

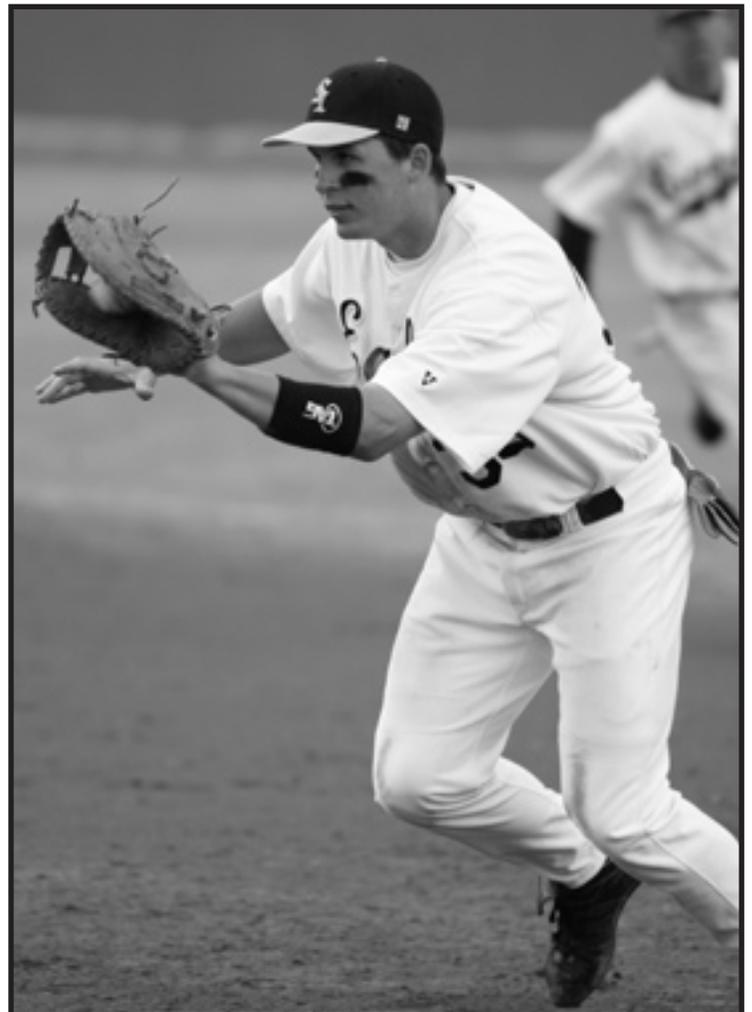

Walker will look to sophomore pitchers Tyler Curtis, Sam Armstrong and Tyler Barrett to lead the Golden Eagles early.

As with any year, the ability of the team to stay healthy will dictate the team's chances to be successful in the end.

With a lot of new faces in the region, there is no clear favorite to win the Region 18 Championship. Last year's champion College of Southern Nevada returns just nine players. Salt Lake also has a lot of new faces, returning seven. Western Nevada has a good mix of newcomers and returners.

"It will come down to which team finds a way to play well in the end," Walker said.

The winner of the Region 18 Tournament will host the district playoff for the berth in the JUCO World Series.

Boomer Walker 5th Season

Head Coach

It was only natural that Boomer Walker would someday wear a coach's cap at Southern Idaho. After assisting the Golden Eagles for nine years Boomer took over as head coach four years ago. In those four years, Boomer has amassed a 141 wins and just 91 losses. In 2006 and 2007, the Golden Eagles battled for the regular season championship going into the final weekend of play.

Boomer was barely walking when his dad, former head coach Skip Walker, started coaching at CSI. And Boomer has always been a part of the program. He was a 12-year-old bat boy when he witnessed the Golden Eagles' national championship in 1984.

Boomer starred for Twin Falls High School, leading the Bruins to a state championship in 1988. Then, he wore the gold and black himself when he played at Southern Idaho from 1989 to 1992, winning all-region honors as a shortstop in 1992. After playing at Northeast Louisiana University, Boomer worked as a student assistant in 1995, gaining valuable coaching experience.

In 1996, Boomer returned to Southern Idaho to re-unite with his father. The two still work together but Boomer is the head coach and Skip continues as a hitting instructor.

Boomer said it doesn't feel much different to be in the head coach's shoes instead of assisting.

"I've been around here forever so it doesn't feel any different," Walker said. "I still feel pressure to keep this program on top, but not any more pressure than before. I'm not naive to think I can accomplish what my dad did."

As far as changes in the program, Boomer said they are very subtle.

"My overall philosophy of CSI Baseball is the same. People who have been around the program for a long time won't see a whole lot of changes," he said. "I would say the only difference is that my approach is not as old school."

When Boomer isn't coaching from the dugout, he enjoys waterskiing and playing softball. Boomer and his wife Maria are busy with their son. No one was surprised he has a baseball moniker - Tai Ripken Walker.

Aaron Bond **1st Season**

Assistant Coach

Former Golden Eagle Aaron Bond joins the College of Southern Idaho baseball program as the pitching coach. Bond played for CSI from 1995-1997, earning first team all region honors both seasons. In 1997, Bond posted 146 strikeouts, the most ever by a CSI pitcher in one season. That same year, he ranked second in the nation in strikeouts.

After CSI, Bond was drafted by the Texas Rangers and played four years of minor league ball with them. Shoulder surgery ended his pitching career with the Rangers. After recovering, Bond played in 2001 in the Northern League in Pennsylvania.

The past seven years, Bond has worked at the Bakersfield Baseball Academy coaching pitchers.

“It’s a dream come true to return to CSI,” Bond said. “I’ve always wanted to come back and I’m excited to finally have the opportunity.”

Bond, 31, has two daughters Abigail and Emma.

“ Having Aaron and Mitch join our club gives us a different way to look at things and a renewed energy. They both have a strong desire to have success at CSI. I have a lot of confidence in what they do and am excited to have them.” - Boomer Walker

Mitch Stachowsky **1st Season**

Assistant Coach

Mitch Stachowsky begins his first year at CSI as a student assistant. Stachowsky, who played for the Golden Eagles from 2002 through 2004, comes to CSI from Pocatello, Idaho.

A Highland High School graduate, Stachowsky earned second team all-conference honors as a sophomore catcher in 2004. He was drafted in the 50th round of the draft by the Red Sox following his two years at CSI.

He played three years of professional baseball, competing in every league but AA and the big leagues. The furthest he went was Triple A in the Red Sox organization.

Last summer, Stachowsky coached the Pocatello Running Rebels American Legion team.

“I love this area and baseball,” Stachowsky said. “This was a perfect fit and an opportunity for me to give back to the school that gave me so much.”

Skip Walker 36th Season

Assistant Coach

Golden Eagle baseball fans know him as Skip. People who spend a lot of time around him are familiar with the phrases “jeezo-peezo,” “mentality,” and a few others too colorful to print here. His players, both former and current, can recite the five P’s: “proper planning prevents poor procedure.” But it’s the rich history Jim Walker has brought to the CSI program that defines who he is.

Skip Walker is a legend at CSI. Not only was Walker inducted into the CSI Athletic Hall of Fame, but Frontier Field was officially named the James F. “Skip” Walker baseball field.

In his 31 years as head coach at CSI, Walker planted the trees, built the clubhouse and played a major role in creating one of the top five JUCO fields in the country. Along the way, he has cultivated baseball players, winning 12 region titles, competing in nine JUCO World Series and winning a national championship

in 1984, taking third in 1988, fourth in 1986 and fifth in 1975.

Retiring from head coaching duties in 2004, Skip continues to be a part of CSI baseball, staying on as a hitting coach.

Walker, 64, has been married to his wife Julene for 42 years. They have a daughter, Carly, and a son, Boomer, who is the Golden Eagles head coach.

“I’m the luckiest guy in the country. I have an offensive assistant that has won more than 1100 games in his career. I’m in a great, great situation. He can now use his knowledge to help the players without worrying about all the other stuff.” - Boomer Walker on having his dad and former head coach Skip Walker as an assistant.

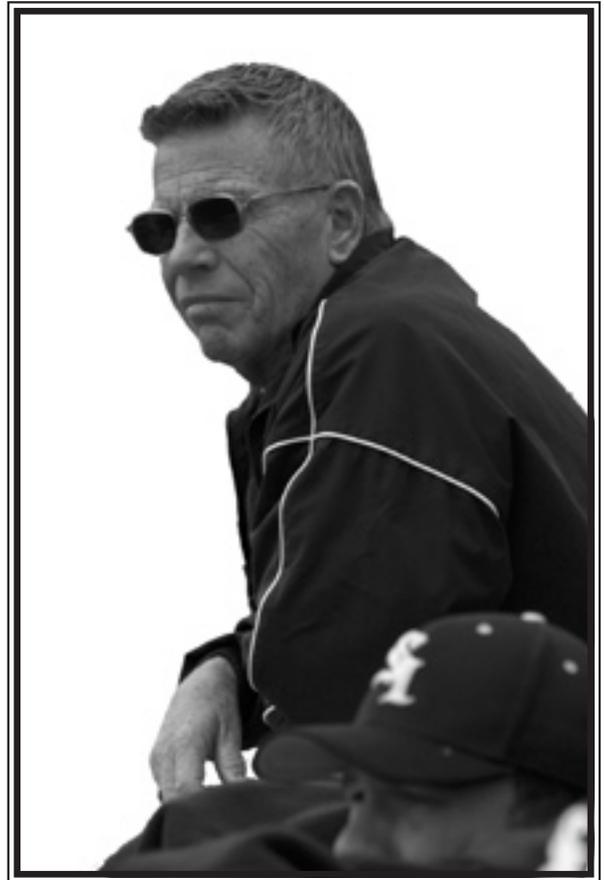

Assistant Coach and Manager

Volunteer Assistant Coach Gene Ritchie

“Our program couldn’t survive without Geno. He is the first one at the field each day and the last one to leave. He is the hardest working retired person in the country.”

- Coach Walker

President Jerry Beck

Gerald L. Beck began his career at the College of Southern Idaho in 1975 and became president of the college in 2005. His many titles at the college include Instructor, Coordinator of Trade and Industry Programs, Dean of Continuing Education/Summer School, Vice President of Instruction, and Executive Vice President/Chief Academic Officer.

Dr. Beck is an Idaho native. He received his bachelor's degree in Technical Education, his master's degree in Teacher Education, and his Ed. D. in Adult Education from the University of Idaho. He completed his post doctoral at Harvard University Institute for Educational Management.

In addition to his duties at the college, Dr. Beck is a member of the Twin Falls Rotary Club, and is a board member of the State Workforce Development Council appointed by the Governor. He serves as a board member on many local organizations including Southern Idaho Economic Development Organization, Region IV Development Association and Magic Valley Regional Medical Center. He is past president of the Idaho Association of Private Industry Councils.

Dr. Beck and his wife, Barbara, have three adult children and three grandchildren. He attributes much of his success to the opportunities provided by the college and the support from his family and co-workers.

Athletic Director Joel Bate

Former CSI women's basketball coach Joel Bate is in the midst of his second year at the helm of Golden Eagle Athletics.

Bate, 48, has worn many hats at CSI. He first came to CSI in 1993 as an English professor and women's basketball coach.

"CSI is a great place to work," Bate said. "I've been lucky enough to work with athletics and academics. We have great coaches and a great staff here and the work they've done this year has been very positive, not only on the court but in the classroom and community as well," Bate said. "I love working with our many boosters, fans and corporate sponsors who have helped make CSI a special place to be."

Bate coached at CSI from 1993 until 2000, leading the Golden Eagles to the national tournament in 1999. During that span, Bate compiled a 144-78 record. He coached four NJCAA All-Americans and four NJCAA Academic All-Americans. Two players went on to play professional basketball, including Jessica Gibbs Mesna who assisted current coach Randy Rogers. In 1999, Bate earned Region 18 Coach of the Year honors.

Prior to working at CSI, Bate taught and coached at Bishop Kelly High School in Boise. He taught senior English and headed the English department. In addition to his teaching duties, he coached girls' volleyball, track and basketball, where he compiled a 114-32 record and four third-place state finishes.

Bate earned his undergraduate degree in marketing at Boise State University and his master's degree in English at the University of Idaho in 1986.

Bate and his wife, Donna and three children, live in Twin Falls.

At the College of Southern Idaho, winning is expected. Like the rich history of its six sports programs, championships are a tradition.

Together, the men's and women's teams have won 16 national titles and have, arguably, the most successful overall athletic program in the National Junior College Athletic Association and the National Intercollegiate Rodeo Association.

The Golden Eagle men have won the following team titles:

<i>Sport</i>	<i>Conference</i>	<i>National</i>
Basketball	24	2
Baseball	13	1
Rodeo	23	3

The Golden Eagle women have won the following team titles:

<i>Sport</i>	<i>Conference</i>	<i>National</i>
Volleyball	11	8
Basketball	5	0
Softball	1	0

The Golden Eagle combined cross country team won two NJCAA national titles before the program was eliminated in 2001.

CSI ATHLETICS

IC SUCCESS

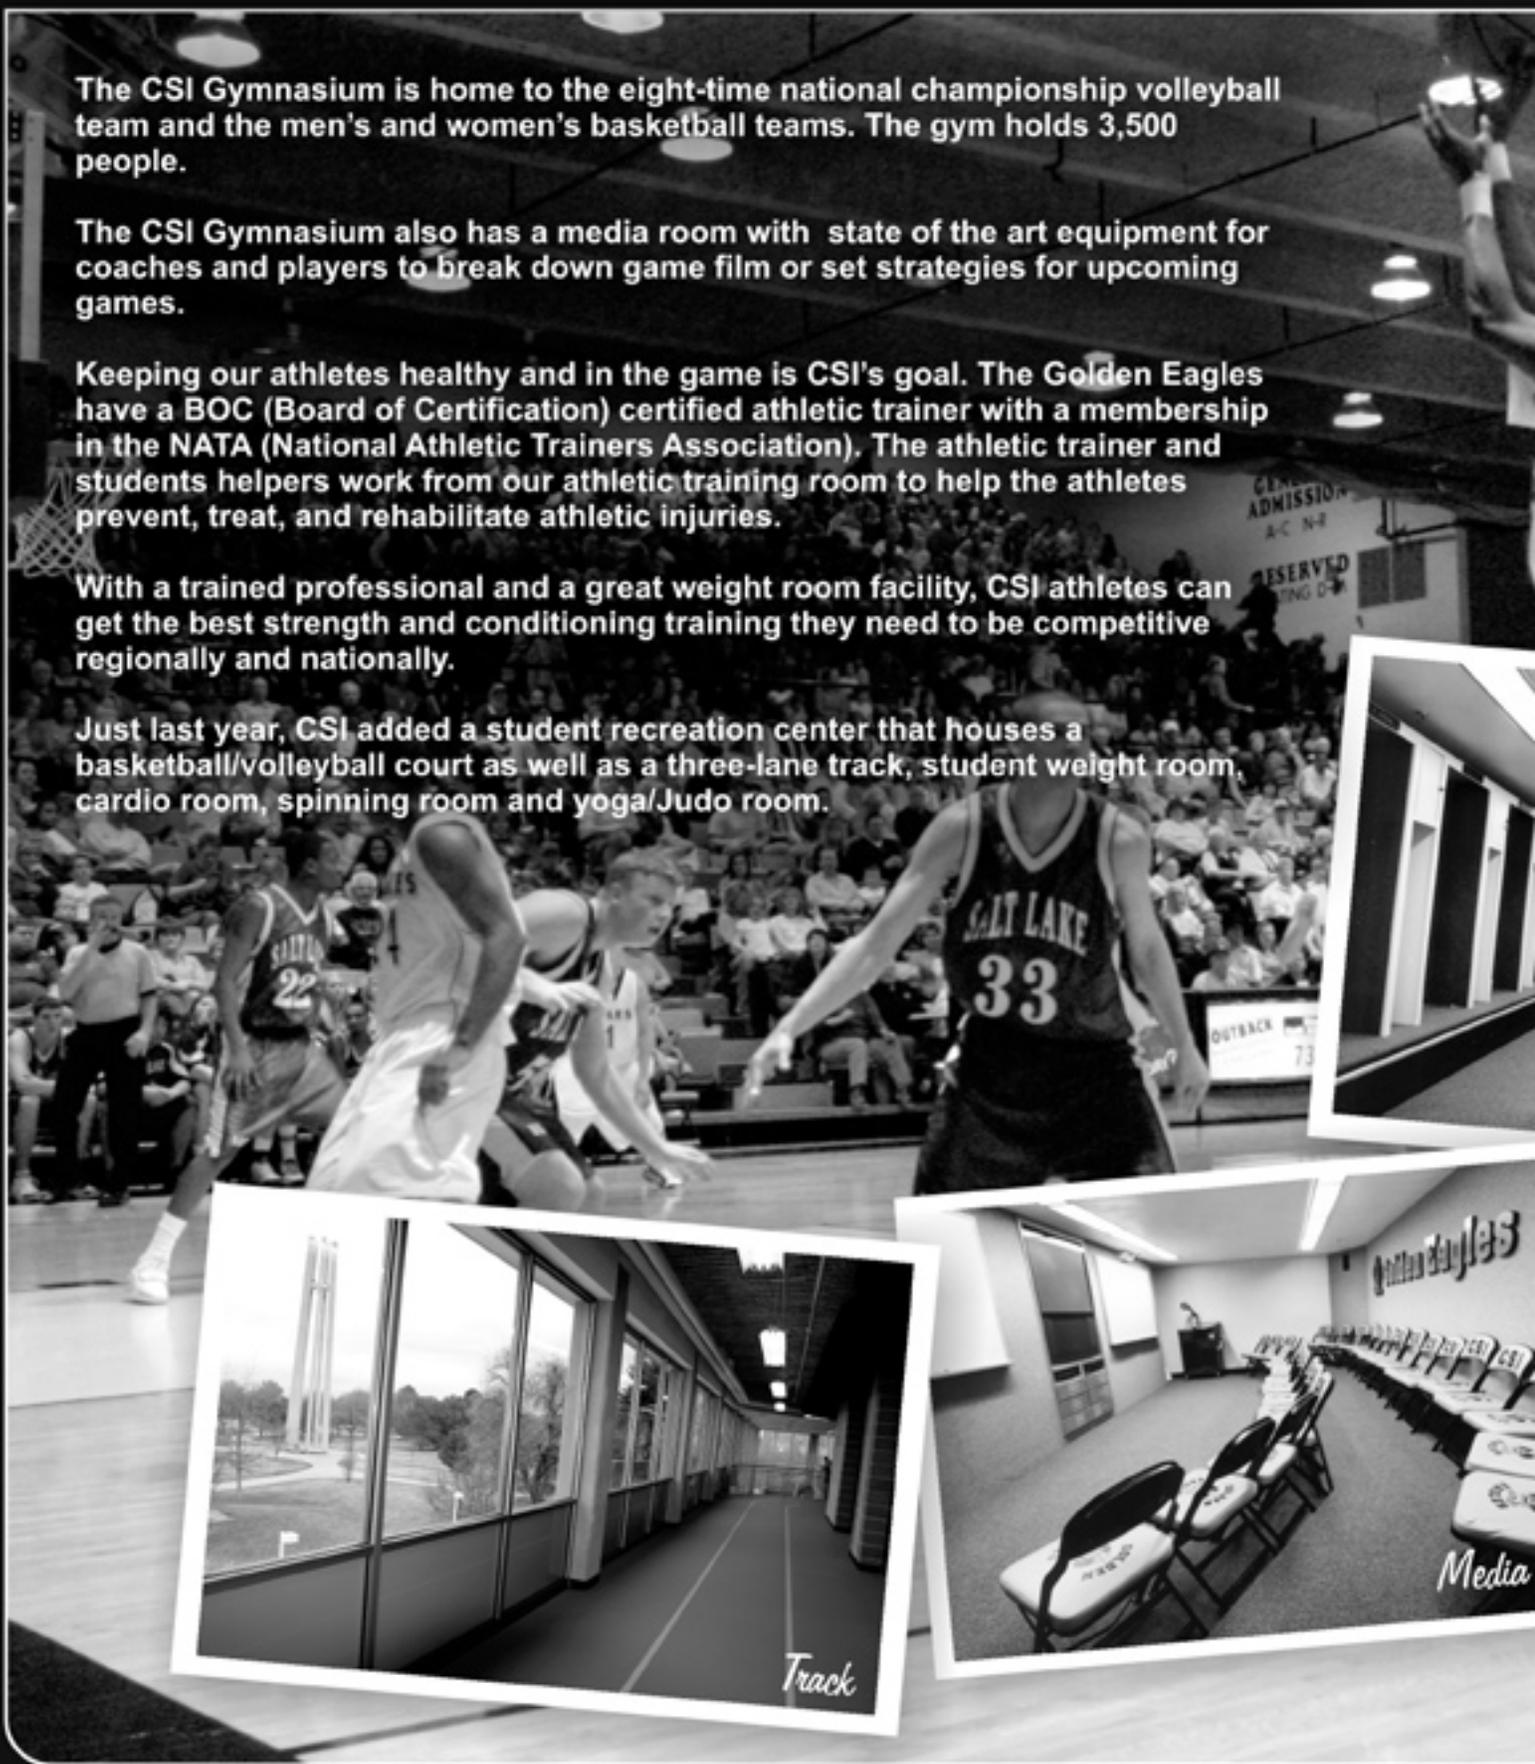

The CSI Gymnasium is home to the eight-time national championship volleyball team and the men's and women's basketball teams. The gym holds 3,500 people.

The CSI Gymnasium also has a media room with state of the art equipment for coaches and players to break down game film or set strategies for upcoming games.

Keeping our athletes healthy and in the game is CSI's goal. The Golden Eagles have a BOC (Board of Certification) certified athletic trainer with a membership in the NATA (National Athletic Trainers Association). The athletic trainer and students help work from our athletic training room to help the athletes prevent, treat, and rehabilitate athletic injuries.

With a trained professional and a great weight room facility, CSI athletes can get the best strength and conditioning training they need to be competitive regionally and nationally.

Just last year, CSI added a student recreation center that houses a basketball/volleyball court as well as a three-lane track, student weight room, cardio room, spinning room and yoga/Judo room.

In 1981, the City of Twin Falls in cooperation with the College of Southern Idaho built the baseball field. Since that time, former Golden Eagle head coach Jim Walker and current CSI head coach Boomer Walker have turned the James F. "Skip" Walker Baseball Field into one of the top five JUCO fields in the country. The Golden Eagle players also have a top-notch clubhouse. The clubhouse not only serves as a locker room for the players and coaches but also has many amenities of a training room, sporting its own whirlpool and other equipment.

THE CSI

"The College of Southern Idaho is the pulse of the Magic Valley in more ways than one. Aside from being the fastest-growing institution of higher education in Idaho, CSI adds to community life through its many events, programs and activities. Students, residents and visitors all benefit from such CSI attractions as the new campus library and the Herrett Center for the Arts and Sciences, home of the world class Faulkner Planetarium."

—Twin Falls General Information Guide, Chamber of Commerce.

The College of Southern Idaho is one of the most beautifully landscaped campuses in the country. It is located on more than 300 acres of lush land. The focal point of the campus is the carillon tower, which musically marks each hour of the day.

The two-year college offers more than 70 academic programs and 40 technical programs. Of the 7,500 students, 65 percent receive some form of financial aid. CSI awards nearly \$800,000 annually in scholarships to talented students.

The average class size is less than 22 students, which gives CSI students the opportunity to receive a more personalized education.

The college was established in 1964, and is located in Twin Falls, population 43,000.

CSI has transfer agreements with Boise State University, Idaho State University, University of Idaho, Lewis-Clark State College, Utah State University, Brigham Young University and Montana State University-Northern. In addition, most colleges and universities across the nation will work with CSI in making the transfer of credits as easy as possible.

TWIN FALLS &

In 1974, daredevil Evel Knievel mesmerized the world with his attempted rocket-powered motorcycle leap across the Snake River Canyon near Twin Falls. Not far up the Snake, Shoshone Falls takes a 212-foot drop into the record books, with a plunge nearly 40 feet higher than the famous falls at Niagara.

In fact, no matter what your game - golfing, fishing, bird watching, bicycling, paragliding, photographing, skiing or shopping, you can pursue it in South Central Idaho amid landscapes that will linger long in your memory.

Where else could you snow ski, golf or fish in the same day within an hour's drive or less?

It may seem that a city the size of 35,000 is small. But the business community is much larger than one would expect to find in a hometown community such as this. That's because Twin Falls is the center of commerce, medical care, entertainment and education for nearly 225,000 residents of South Central Idaho and northern Nevada.

The cascading waters at Shoshone Falls bring tourists by the thousands. We play golf and tennis on superb facilities, fish for a variety of catches, soak in the hot springs, kayak and raft the whitewater and water ski. We go to fairs, rodeos and concerts and watch stock car racing. The arts abound here, too, from theater to dance to painting to music.

Twin Falls really is a hometown environment with bigtown options.
