Golden Eagles look to build on last season's trip to Hutch

The Golden Eagle men's basketball squad will enter the 2012-2013 season with a lot of unknowns. Still the expectations are the same - win a SWAC and Region 18 Championship and get to Hutchinson, Kan., for the NJCAA National Tournament.

CSI met those three goals last season but fell short of their journey to repeat its 2011 NJCAA National Championship. Two players return to this year's squad and will look to share the tradition of winning that is CSI Basketball.

It's difficult to fully teach newcomers the challenges that playing in the Scenic West Athletic Conference brings but CSI head coach Steve Gosar added four sophomore transfers to this year's squad to give the young Golden Eagle team some added maturity and experience. Add to that a very difficult pre-season schedule where CSI plays No. 5-ranked Indian Hills, No. 11 Casper College and No. 12 Monroe College and the Golden Eagles should be ready for the level of play when they start their conference schedule.

"I really like the balance, depth, basketball IQ and character on this team," Gosar said. "With the types of players we have, I think we can do more on both sides of the ball. So we will."

Sebastien Michineau is CSI's only returning starter. The guard is joined by Jon Pulsifer as the only two with floor experience at CSI.

Other guards Gosar will look to include Montigo Alford (a red-shirt freshman after spending last season with a shoulder injury), Jaysean Paige (freshman from New York), James Reid (freshman from Bend, Ore.), Trevor Ritchie (sophomore transfer from Colorado School of Mines), Kareem Storey (sophomore transfer from University of Utah), Myron Harris (freshman from Chicago, Ill.) and Zack Rosette (red-shirt freshman from Rock

Springs, Wyo.).

2012 Outlook

"I think we have multiple guys like Sebastien, Montigo, Kareem, Darius and Trevor that can play the point guard position for us," Gosar said. "We possess a number of guys that can score the ball in various ways from the perimeter in Jaysean, James, Sebastien, Trevor, Darius, Jon and Sarp."

The Golden Eagles will not have quite as much size as they did last season but the posts and forwards Gosar brought in are very talented and will give CSI many options.

At the forward position there is Juwan Newman (sophomore transfer from New Mexico Military Institute), Montarius Hall (freshman from Gastonia, N.C.), Detwon Rogers (freshman from Raleigh, N.C.) and Sarp Gobeloglu (freshman from Istanbul, Turkey). The big men will be Billy Reader (sophomore transfer from the University of Montana) and Kennedy Esume (freshman from Warri, Nigeria.)

"The power of Billy and Kennedy is complimented with the length and athleticism of Juwan, Monty and Detwon," Gosar said. "With 15 new faces, it will be interesting to see how this team comes together. Success ultimately will be determined on which players ascend into leadership roles and what imprint they make on this team."

The Golden Eagles open action in Arizona for three games before hosting the Hilex Poly Invitational, which will give CSI a test right away when it faces 12th-ranked Monroe. The Golden Eagles will have to play No. 11 Casper on the road before hosting the Boise Office Equipment Invite in late November. Mark your calendars for Nov. 24 when CSI will have a rematch with No. 5 Indian Hills at 7:30 p.m. The game will pit former CSI coach Barret Peery against current coach Steve Gosar in a matchup that ended the Golden Eagles season last year at the NJCAA National Tournament.

CSI will hold the Wright Physical Therapy Shootout Nov. 30-Dec. 1 and the Farmer's Insurance Challenge Dec. 7-8 before opening league play Dec. 13th.

"I'm excited for our pre-season schedule and the pressure it will put on us early," Gosar said. "The only way to get better is to play great teams and I think it will help prepare us for the grueling SWAC schedule and hopefully ultimately Hutch."

Steve Gosar Head Coach 5th Season

On May 5, 2008 College of Southern Idaho Athletic Director Joel Bate announced Steve Gosar as the 15th head basketball coach in the storied program's history. The 2012-13 campaign will be Gosar's fifth season as head coach and eighth overall at CSI.

Gosar recalls his first trip to CSI as a recruiter for Portland State, "I remember just thinking to myself - 'What a special, special place.' It was like no place I've ever been. And I thought if I'd ever be so lucky to have the honor to coach here, how blessed I would be."

Blessed indeed.

The 2010-2011 season was one of the most memorable ones in Golden Eagle history. Finishing 33-4, the Golden Eagles won the Scenic West Athletic Conference regular season title, the Region 18 Tournament and ended a 24-year drought of national championships by winning the school's third NJCAA Basketball Championship. Along the way, Gosar earned Region 18, District 1 and NJCAA Coach of the Year honors as

well as being honored as the Outstanding Coach of the national tournament.

Guard Pierre Jackson was named SWAC Player of the Year, Region 18 Tournament MVP, NJCAA National Tournament MVP and NJCAA Player of the year. He is the first CSI player to win all four awards in a season. Kenny Buckner was named first team all-region and was named to the national tournament team. Eagle High School (Idaho) standout Mitch Bruneel was named to the all region team and the national all-tournament team. Point guard Darius Smith was named all region. Shooting guard Jerrold Brooks was named all region and made the Region 18 all-tourney team.

Last season, Gosar led the Eagles to a Region 18 Championship and its 22nd trip to Hutchinson, Kansas.

In his four seasons as a head coach, Gosar has compiled a 106-30 overall record. As a Golden Eagle assistant, Gosar was part of a three-year win-loss record of 85-19, including three SWAC Conference Championships and two trips to the NJCAA National Tournament.

During the eight years that Gosar has been a part of Golden Eagle basketball, the program has had six All-Americans, 23 all-region selections, four Region 18 Tournament MVPs and has helped 44 players move on to continue their education and play at four-year universities.

Prior to CSI, Gosar was an assistant at Portland State for Head Coach Heath Schroyer and was key to the team's improvement. He helped recruit a class that was ranked by collegeinsider.com as the top recruiting class in the Big Sky. With those recruits, the team earned the distinction of being one of the top three turnaround programs in the country in 2004-05.

The Vikings finished the 2002-03 season 5-22 and improved to 11-16 in 2003-04. In Gosar's last season at PSU, the Vikings posted a 19-9 record, the best ever in the history of the school as a Division I program. Portland State also won the Big Sky Conference regular season title, the school's first men's championship title since becoming a NCAA Division I program. Two players off that team earned conference and national accolades. Will Funn was the NCAA Division I national assist leader and Seamus Boxley garnered Big Sky Player of the Year honors.

Before joining the Vikings, Gosar spent two seasons working for head coach Steve McClain as a graduate assistant at the University of Wyoming. Those two years, the Cowboys won back-to-back Mountain West Conference Championships, including the school's first outright conference championship in the last 20 years. The 2002 Wyoming team made it to the second round of the NCAA Tournament with a first-round win over Gonzaga.

Originally from Pinedale, Wyo., Gosar played his collegiate ball at Wyoming, earning a bachelor's degree in molecular biology. Gosar is married to Lu. They have three boys - Jake, Jaxon and Jace.

Steve Gosar has served a key role in the Golden Eagles' recent success. He helped CSI to the national tournament in two of his three years as an assistant. In 2011, Gosar led CSI to its third NJCAA National Championship at the helm.

Ryan Devlin Assistant Coach 4th Season

Ryan Devlin begins his fourth season as an assistant coach with the College of Southern Idaho men's basketball program, while coaching under the 2011 NJCAA National Coach of the Year, Steve Gosar.

Devlin has been with the Golden Eagles for three seasons, holding a record of 90-16, while also winning the 2011 NJCAA National Championship in Hutchinson, Kansas, by defeating Midland (TX) College 72-64. The Eagles were led the whole season by the 2011 National Player of the Year, Pierre Jackson, who is now attending Baylor University. Devlin has also won back-to-back regular season and conference tournament championships in Region 18 for the 2011 and 2012 seasons. In the three seasons thus far Devlin has been able to coach 18 student-athletes that are now attending NCAA Division I programs.

Coach Devlin has also coached back-to-back Player's of the Year in Region 18, Pierre Jackson and Fabyon Harris (Texas A&M) and four All-Americans: Pierre Jackson (1st Team), Fabyon Harris (1st Team), Jerrold Brooks (2nd Team/Southern Miss.) and Ralph Guthrie (Honorable Mention/Towson).

Devlin brings energy and enthusiasm to the court as he enters his 8th season of coaching. He began his coaching career at Bowling Brook Preparatory School in Keymar, Maryland. He later advanced to assistant coach at Hagerstown Community College in Hagerstown, MD where he coached under Terry Truax, a longtime Division I coach, and assistant of Dean Smith at the University of North Carolina. When Truax left the program, Devlin took over as interim head coach, improving the team's record from 8-22 to 23-8 in one season. Because of this turn around, he caught the attention of Stu Vetter, two-time national high school coach of the year and Hall of Fame high school coach, and was offered a position on his coaching staff at Montrose Christian School, home of Kevin Durant.

It was at Montrose where Devlin sharpened his recruiting skills by bringing in top prospects from the United States and Africa, including Mouphtaou Yarou (10th ranked high school player in the country in 2009 and attending Villanova University), Terrence Ross (top 25 player in the country in 2010 and was the 8th pick overall in the 2012 NBA Draft going to the Toronto Raptors), and Justin Anderson (2011 Top 30 player in the country, 2011 Boost Mobile Elite 24 MVP and is attending the University of Virginia).

During his time at Montrose they compiled a record of 21-3 and were ranked #1 by the Washington Post, finishing 6th in the country by USA Today, and participated in the inaugural ESPN RISE National High School Invite.

Devlin earned his bachelor's degree from the University of Pittsburgh. He resides in Twin Falls with his wife, Erin who also works at CSI as the Graduation Retention Coordinator.

"Ryan has an unbelievable amount of recruiting ties all over the country. He brings great energy and enthusiasm to the floor and in dealing with our players. Our past players have really flourished under Ryan's direction."

Coach Gosar

Pictured are Ryan and Erin Devlin.

Colby Blaine Assistant Coach 4th Season

Colby Blaine begins his fourth season with the College of Southern Idaho men's basketball program and under Head Coach Steve Gosar (2011 NJCAA National Coach of the Year). Blaine has accumulated a 90-16 record while at CSI. During Blaine's second year, the Golden Eagles became the 2010-2011 regular season and region 18 tournament champions. That success led CSI back to Hutchinson, Kansas, for the national tournament where the Golden Eagles won four straight games, defeating Midland College in the championship and were crowned the 2011 NJCAA National Champions. In Blaine's three seasons with CSI, he has worked closely with 17 players that have moved onto Division I programs, including the 2011 National Player of the Year, Pierre

Jackson (Baylor). Blaine has also coached back to back region 18 championship teams, back to back region 18 players of the year (Pierre Jackson 2011 and Fabyon Harris 2012), and four All-Americans (Pierre Jackson, Fabyon Harris, Jerrold Brooks, Ralph Guthrie).

Blaine started his coaching career at The University of Montana Western where he was an assistant under Montana Hall of Fame Coach, Steve Keller. In two seasons with the Bulldogs, Blaine helped develop a strong recruiting base in the Northwest, which has led them to a top 25 ranking and to the NAIA national tournament.

Blaine grew up in Boise, ID where he graduated from Boise High School in 2005. After high school, Blaine attended Blue Mountain Community College where he was a member of the men's basketball team. He graduated from BMCC in 2007 with his associate of arts degree. Blaine then attended The University of Montana Western where he graduated Summa Cum Laude with a bachelor's degree in social science/history in the spring of 2009. Upon graduation, he made the move to CSI and graduated from Idaho State University with his Masters in Athletic Administration during the summer of 2011.

While Blaine's coaching career is short, he has amassed some great accolades and experiences. As a college student, Blaine worked camps across the country including Boise State, Montana, Montana State, Utah, Stanford, Duke and Maryland. Blaine was also the founder and director of TRDcamps.com, LLC, which provided basketball camps for more than 500 athletes in Eastern Oregon during the 2006-08 summers. Most recently, Blaine has worked with the Idaho Select AAU program during the last three summers as the head coach for the U17 team.

Blaine is the son of Rob Blaine and Dana Nelson. He has an older brother, Ryan, and older sister, Cassidy.

"Colby has a bright future in coaching basketball. He pays great attention to detail and really understands the game. He is the consummate team player and is willing to do all the little things that may go unnoticed but are so essential to winning. He does an outstanding job of skill development with our players as well as organize all of our summer camps and clinics." Coach Gosar

#3 • Jon Pulsifer

Guard • 6-1 • Sophomore • Twin Falls, Idaho

Bio

At CSI: Jon played in 15 games for the Golden Eagles last season after red-shirting his freshman year.

Before CSI: A two-sport athlete at Twin Falls High School, Jon led his basketball team to a third-place finish at state in 2008 and a state championship in 2010. He earned MVP honors in the conference as a sophomore, junior and senior.

On the football field, Jon was a tight end on the team that placed third in the state his senior season.

#11 • James Reid

Guard • 6-2 • Freshman • Bend, Ore.

"James is a tireless worker. It's easy to see that he loves the game. He can really stretch the defense with his outside shooting. His shooting should open the floor for our point guards to penetrate and our post players to operate."

Coach Gosar

Get to know James

I love the smell of: cinnamon rolls.
 Favorite Movie Genre: Documentaries
 I would rather: skip Christmas OR skip my birthday.
 Twin Falls is different than where I am from because it smells worse.

McDonald's, locally owned and operated by Bill and Donna Kyle in Twin Falls, Burley and Jerome sponsors the CSI Golden Eagles and the McSlam-n-Jam. The money pledged for every dunk during home Golden Eagle basketball games is split between CSI Athletics and the Ronald McDonald House.

The Reason

When a child becomes seriously ill, the whole family suffers, particularly if the child must be hospitalized or receive outpatient treatment far away from home for extended periods of time.

To be with their child, parents often sleep on uncomfortable chairs or cots, or bear the expense and impersonal atmosphere of a hotel room. At a time when they want all their strength available for their child, the simple demands of everyday life can seem overwhelming.

For these families, Ronald McDonald House offers a refuge from the hospital, a home-away-from-home, where they can have a room of their own, a comfortable bed, kitchen and laundry facilities, toys for the kids, and a cup of hot coffee.

Ronald McDonald House

For the child, it's knowing that mom and dad are close by, in a good place. It's having a comforting, peaceful place to go from the hospital.

For a brother or sister who cannot be there, it's knowing that other family members are safe while away in a strange city.

For the parents in the House, it's knowing that they are not alone, that others have gone through similar situations and survived. It's new parents getting practical advice from "veterans." It's people drawing hope and strength from late-night conversations in corridors and kitchens, sharing experiences that can be difficult for family and friends back home to fully understand.

And, it's a place to treasure every moment of having a child "home," even if for just a short time.

For board members and volunteers, who give of their time, money, and skills, it's knowing that what they do really helps.

How The House Operates

Each Ronald McDonald House is unique, created by a team of local citizens to meet the needs of their community. The House is owned and operated by the local not-for-profit organization created by these citizens.

Local McDonald's restaurants become involved in initial fundraising once several key elements are present: medical advisors from a hospital with a need for such a House; a parent organization comprised of people whose children have been treated or are being treated at the same hospital; and other interested and concerned volunteers.

To varying degrees, all groups participate in planning, construction, furnishing, building community awareness, securing goods and services, and ongoing House operations. Other local and national companies also volunteer their support through material donations and monetary contributions.

Families using the House donate \$5 to \$15 per day, if they can afford it. These revenues pay for part of the costs of continuing House operations.

How It Began

The first Ronald McDonald House opened in Philadelphia in 1974 as the result of the perseverance and dedication of Fred Hill, then a Philadelphia Eagles football player.

Today, through similar efforts by other groups of dedicated individuals, Ronald McDonald House provides temporary housing for more than 350,000 people a year in facilities throughout the United States; Canada; Australia; Amsterdam, Netherlands; Geissen, West Germany.

McDonald's Corporation assists in increasing public awareness and in providing start-up funding for the new Houses. The local not-for-profit organization operating the House can qualify for \$25,000 grant from Ronald McDonald's Children's Charities.

Most importantly, it is the time and services of local volunteers and the local contributions of money and materials that make it possible for the Ronald McDonald Houses to be open and operating.

Assisting in these efforts, McDonald's restaurant franchisees, holding individual promotions around the country, have raised more than \$25 million for the Ronald McDonald Houses and the families they serve.

If you have questions about the national Ronald McDonald House program or wish to contact a local Ronald McDonald House regarding services, activities, volunteer work or tax deductible donations, write or call: Ronald McDonald House, 101 Warm Spring Ave., Boise, ID 83712.

President Jerry Beck

Gerald L. Beck began his career at the College of Southern Idaho in 1975 and became president of the college in 2005. His many titles at the college include Instructor, Coordinator of Trade and Industry Programs, Dean of Continuing Education/Summer School, Vice President of Instruction, and Executive Vice President/Chief Academic Officer.

Dr. Beck is an Idaho native. He received his bachelor's degree in Technical Education, his master's degree in Teacher Education, and his Ed. D. in Adult Education from the University of Idaho. He completed his post doctoral at Harvard University Institute for Educational Management.

In addition to his duties at the college, Dr. Beck is a member of the Twin Falls Rotary Club, and is a board member of the State Workforce Development Council appointed by the Governor. He serves as a board member on many local organizations including Southern Idaho Economic Development Organization, Region IV Development Association and Magic Valley Regional Medical Center. He is past president of the Idaho Association of Private Industry Councils.

Dr. Beck and his wife, Barbara, have three adult children and three grandchildren. He attributes much of his success to the opportunities provided by the college and the support from his family and co-workers.

Athletic Director Joel Bate

Former CSI women's basketball coach Joel Bate took over Golden Eagle Athletic Director responsibilities in January 2007.

Bate, who had been teaching in the English Department since he arrived on the CSI campus in 1993, gave up teaching in the classroom to work with student-athletes and coaches on a daily basis.

Bate coached at CSI from 1993 until 2000, leading the Lady Golden Eagles to the national tournament in 1999. During that span, Bate compiled a 144-78 record. He coached four NJCAA All-Americans and four NJCAA Academic All-Americans. Two players went on to play professional basketball, including Jessica Gibbs Mesna who assisted current coach Randy Rogers. In 1999, Bate earned Region 18 Coach of the Year honors.

Prior to working at CSI, Bate taught and coached at Bishop Kelly High School in Boise. He taught senior English and headed the English department. In addition to his teaching duties, he coached girls' volleyball, track and basketball, where he compiled a 114-32 record and four third-place state finishes.

Bate earned his undergraduate degree in marketing at Boise State University and his master's degree in English at the University of Idaho in 1986. He also received an Educational Specialist advanced degree in Ed Leadership in 2006 from the University of Idaho.

Bate and his wife Donna and three children live in Twin Falls.
