# CSI Men Looking for Fifth Straight Trip to "Hutch"

The frenetic pace that last year's CSI squad brought to the court is back. The Golden Eagles, who led the nation in scoring last season, bring back even more firepower.

Five players return from a team that finished fourth at the national tournament. One player returns from a mission and the 2005 team that placed third at the national tournament. Three coaches return with loads of national tournament experience.

As the 2007-08 season begins, each one of the players and coaches is looking forward - not back - toward bringing home CSI's third national championship.

The Golden Eagles enter the season ranked No. 2 in the country. They want to end the season No. 1.

"The strength of this year's team will be our depth," said CSI head coach Barret Peery. "We have a lot of guys that can play multiple positions and contribute in many different ways."

Leading the returners is forward Juan Pattillo. A pre-season All-American, Juan averaged 11.9 points, 7.4 rebounds and 1.89 steals per game. He is joined by sophomore returners Terry Fields (8.0 ppg, 3.4 rpg), Art Parakhouski (6.2 ppg, 4.8 rpg), Reggie Guyton (6.2 ppg, 3.63 apg), Bocar Ba (4.3 ppg, 3.4 rpg) and Nick Hansen (6.5 ppg, 3.1 rpg).

Reggie will share point guard duties with sophomore transfers Kevin Galloway (USC) and Daren Jordan (Oral Roberts), giving the Golden Eagles much needed leadership and experience at that position.

Peery will be able to go deep into his bench at the 2-guard and 3-guard positions. Fields, who was key in CSI's success late last year and Hansen, who played for the Golden Eagles in 2004-05 will be joined by five newcomers. Joey Shaw (Indiana University) and Harvey Perry (Univ. of Washington) bring Division I experience. Add in freshmen Lorenzo O'Neal, Justin Turley and Darius Gabriel and Perry will be able to run the entire game. Mason Clinger, who also plays the guard position, will redshirt this season.

When Pattillo isn't playing, look for freshman Daequon Montreal to see time on the court. The 6-8 forward joins CSI from Syracuse, N.Y.

At center, Parakhouski became invaluable late last season. Now he anchors a group of three big men. The other two are returner Bocar Ba and newcomer Matt DeWaal, a 6-9 center from Compton, Calif.

"Our size and length on the perimeter has improved, which should help us defensively in rebounding," Peery said. "Our experience is also

very good with returners and transfers having played a lot of college basketball.”

As usual, Region 18 will be one of the toughest leagues in the nation.

“Salt Lake will be tough to beat with eight returners on their squad,” Peery said. “CEU had a very good recruiting class and North Idaho always puts a good product on the floor. Snow, with a new coach, will be different but still very competitive. CNCC also has a new coaching staff and will be much improved. Coming out of our region will be very difficult this year because of all the talent. But whoever does win the league will be battle tested and ready to compete at nationals.”

The Region 18 tournament will be hosted by the school whose women’s team wins the league.

Barret Peery begins his third year as head coach and his fifth on the sidelines of the Golden Eagle bench.

Peery has been a big part in the Golden Eagles success lately. CSI won the Region 18 Tournament in 2004-05, qualifying for the national tournament. In 2004-05, CSI not only won the Scenic West Athletic Conference and the Region 18 Tournament but placed third at nationals. In 2006-07, he led the Golden Eagles to a 25-10 record, a SWAC title and a Region 18 Championship, earning his third trip to Hutchinson, Kan. This past season, Peery led CSI to a Region 18 Championship, a 30-7 record and a 4th-place finish at the NJCAA National Tournament. During Peery's tenure, he has placed 23 players at Division I schools.

Prior to CSI, Peery was the top assistant at Portland State in 2002-03. He was the recruiting coordinator and in charge of scheduling. Peery also coached four years at Southern Utah University. While there, he was the head assistant and recruiting coordinator. He recruited the

Mid-Continent Conference player of the year Fred House. Peery helped lead the Thunderbirds to their first-ever NCAA tournament appearance and a 25-6 record.

Before assisting one year at Southern Utah, Snow College and Utah Valley State College, Peery played college basketball at Snow and Southern Utah. Between his freshman and sophomore season at Snow, he served a church mission in Japan. At Southern Utah, Peery helped lead the Thunderbirds to two conference championships. As a senior, he earned academic all-conference honors in the American West Conference.

Peery has worked tirelessly at keeping the tradition of CSI basketball alive through camps, coaches clinics and his community involvement.

He started the Fall Coaches Clinic and Dinner, which has become a huge success, bringing in esteemed coaches such as Bill Self, Steve Fisher, Eddie Sutton and Goyd Grant.

Peery, who is originally from Payson, Utah, is married to Tracy. They have a daughter named Kennedy and a son named Crew.

*Pictured to the right is Barret, his wife Tracy and their two children - Kennedy and Crew.*

## Head Coach

Barret Peery has served a key role in the Golden Eagles recent success. He has led CSI to the NJCAA National Tournament the last four years - the first two as an assistant and the last two as the head coach. Two of those years, the Golden Eagles placed in the top four in the country.

*"Barret brings the whole package to CSI. He has already made an impact as a coach and will continue to do so. More importantly, he and his family have made an impact in the community. His respect for the tradition of the program is vital to the success of the future for CSI basketball."* - Former President Jerry Meyerhoeffer

Steve Gosar begins his third season on the Golden Eagle coaching staff. Gosar, 37, joined the Golden Eagle staff from Portland State University.

“We’re very lucky to have a guy with his experience,” Peery said. “He’s great with kids on and off the court, and he is a tenacious recruiter.”

Peery and Gosar worked together five years ago at PSU.

During his time as an assistant at Portland State, Gosar was key to the team’s improvement. He helped recruit a class that was ranked by *collegetinsider.com* as the top recruiting class in the Big Sky. With those recruits, the team earned the distinction of being one of the top three turnaround programs in the country in 2004-05.

The Vikings finished the 2002-03 season 5-22 and improved to 11-16 in 2003-04. In Gosar’s last season at PSU, the Vikings posted a 19-9 record, the best ever in the history of the school as a Division I program. Portland State also won the Big Sky Conference regular season title, the school’s first men’s championship title since becoming a NCAA Division I program. Two players off that team earned conference and national accolades. Will Funn was the NCAA Division I national assist leader and Seamus Boxley garnered Big Sky Player of the Year honors.

Prior to joining the Vikings, Gosar spent two seasons as a graduate assistant at the University of Wyoming. Those two years, the Cowboys won back-to-back Mountain West Conference Championships, including the schools first outright conference championship in the last 20 years. The 2002 Wyoming team made it to the second round of the NCAA Tournament with a first-round win over Gonzaga.

Originally from Pinedale, Wyo., Gosar played his collegiate ball at Wyoming, earning a bachelor’s degree in molecular biology. Gosar is married to Lu Stutzman. They have a little boy named Jake.

*Pictured to the right is Steve, his wife Lu and their son Jake.*

Jeff Renegar returns for his third season at CSI where he looks towards a 5th straight trip to the National Tournament (“Hutch”) in as many tries as a junior college assistant. The 2006-07 season ended with CSI winning another SWAC Conference and Regional Championship. CSI was rewarded with their 23rd trip to the National Tournament where they reached the Final Four for the 2nd time in 3 years. In the 06-07 season Renegar coached and recruited three all league performers in Brad Garrett (Oklahoma State), Kelvin Davis (San Diego State) and Brandon Stores. The 2006-07 Golden Eagle squad won 30 games while only losing 7. Renegar’s first season at CSI, 2005-06, ended with a 25-10 record and an appearance in the National Tournament.

Prior to CSI, Renegar 29, most recently assisted at Yavapai College in 2002-03 and 2003-04. During his time there, the school won two region championships and qualified for the NJCAA National Tournament

both years under head coach Brooks Thompson. Thompson played in the NBA and is currently the head coach at the University of Texas at San Antonio. Before Renegar arrived at Yavapai, the college hadn’t finished higher than 4th in their league in more than 15 years and had only qualified for “Hutch” once in school history. While at Yavapai Renegar recruited the 2003-04 region player of the year and NJCAA All-American Bryson Krueger (Arizona State) and the 2002-03 player of the year and NJCAA All-American Larry Owens (Oral Roberts). Owens was also a first team all Mid-Continent selection and was named the conference Defensive Player of the Year in 2005-06 while leading Oral Roberts to the NCAA Tournament.

Renegar has coached 24 players that have gone on to sign letters of intent at Division I universities, including 3 NJCAA All-Americans. The last 4 teams he has been a part of as a coach have a combined win-loss record of 136-33 (80%).

Renegar played his college ball for Don Sumner at St. Gregory’s Junior College and later at Southwest Kansas College.

He earned his bachelor’s degree in interdisciplinary studies from Adams State College.

At the College of Southern Idaho, winning is expected. Like the rich history of its six sports programs, championships are a tradition.

Together, the men's and women's teams have won 16 national titles and have, arguably, the most successful overall athletic program in the National Junior College Athletic Association and the National Intercollegiate Rodeo Association.

The Golden Eagle men have won the following team titles:

<i>Sport</i>	<i>Conference</i>	<i>National</i>
Basketball	24	2
Baseball	13	1
Rodeo	23	3

The Golden Eagle women have won the following team titles:

<i>Sport</i>	<i>Conference</i>	<i>National</i>
Volleyball	11	8
Basketball	5	0
Softball	Second Year	Second Year

The Golden Eagle combined cross country team won two NJCAA national titles before the program was eliminated in 2001.

# CSI ATHLETIC

IC SUCCESS

The CSI Gymnasium is home to the eight-time national championship volleyball team and the men's and women's basketball teams. The gym holds 3,500 people.

The CSI Gymnasium also has a media room with state of the art equipment for coaches and players to break down game film or set strategies for upcoming games.

Keeping our athletes healthy and in the game is CSI's goal. The Golden Eagles have a BOC (Board of Certification) certified athletic trainer with a membership in the NATA (National Athletic Trainers Association). The athletic trainer and students helps work from our athletic training room to help the athletes prevent, treat, and rehabilitate athletic injuries.

With a trained professional and a great weight room facility, CSI athletes can get the best strength and conditioning training they need to be competitive regionally and nationally.

Just last year, CSI added a student recreation center that houses a basketball/volleyball court as well as a three-lane track, student weight room, cardio room, spinning room and yoga/Judo room.

# THE CSI

*"The College of Southern Idaho is the pulse of the Magic Valley in more ways than one. Aside from being the fastest-growing institution of higher education in Idaho, CSI adds to community life through its many events, programs and activities. Students, residents and visitors all benefit from such CSI attractions as the new campus library and the Herrett Center for the Arts and Sciences, home of the world class Faulkner Planetarium."*

—Twin Falls General Information Guide, Chamber of Commerce.

The College of Southern Idaho is one of the most beautifully landscaped campuses in the country. It is located on more than 300 acres of lush land. The focal point of the campus is the carillon tower, which musically marks each hour of the day.

The two-year college offers more than 70 academic programs and 40 technical programs. Of the 7,500 students, 65 percent receive some form of financial aid. CSI awards nearly \$800,000 annually in scholarships to talented students.

The average class size is less than 22 students, which gives CSI students the opportunity to receive a more personalized education.

The college was established in 1964, and is located in Twin Falls, population 43,000.

CSI has transfer agreements with Boise State University, Idaho State University, University of Idaho, Lewis-Clark State College, Utah State University, Brigham Young University and Montana State University-Northern. In addition, most colleges and universities across the nation will work with CSI in making the transfer of credits as easy as possible.

# TWIN FALLS &

In 1974, daredevil Evel Knievel mesmerized the world with his attempted rocket-powered motorcycle leap across the Snake River Canyon near Twin Falls. Not far up the Snake, Shoshone Falls takes a 212-foot drop into the record books, with a plunge nearly 40 feet higher than the famous falls at Niagara.

In fact, no matter what your game - golfing, fishing, bird watching, bicycling, paragliding, photographing, skiing or shopping, you can pursue it in South Central Idaho amid landscapes that will linger long in your memory.

Where else could you snow ski, golf or fish in the same day within an hour's drive or less?

It may seem that a city the size of 35,000 is small. But the business community is much larger than one would expect to find in a hometown community such as this. That's because Twin Falls is the center of commerce, medical care, entertainment and education for nearly 225,000 residents of South Central Idaho and northern Nevada.

The cascading waters at Shoshone Falls bring tourists by the thousands. We play golf and tennis on superb facilities, fish for a variety of catches, soak in the hot springs, kayak and raft the whitewater and water ski. We go to fairs, rodeos and concerts and watch stock car racing. The arts abound here, too, from theater to dance to painting to music.

Twin Falls really is a hometown environment with bigtown options.

## President Jerry Beck

Gerald L. Beck began his career at the College of Southern Idaho in 1975 and became president of the college in 2005. His many titles at the college include Instructor, Coordinator of Trade and Industry Programs, Dean of Continuing Education/Summer School, Vice President of Instruction, and Executive Vice President/Chief Academic Officer.

Dr. Beck is an Idaho native. He received his bachelor's degree in Technical Education, his master's degree in Teacher Education, and his Ed. D. in Adult Education from the University of Idaho. He completed his post doctoral at Harvard University Institute for Educational Management.

In addition to his duties at the college, Dr. Beck is a member of the Twin Falls Rotary Club, and is a board member of the State Workforce Development Council appointed by the Governor. He serves as a board member on many local organizations including Southern Idaho Economic Development Organization, Region IV Development Association and Magic Valley Regional Medical Center. He is past president of the Idaho Association of Private Industry Councils.

Dr. Beck and his wife, Barbara, have three adult children and three grandchildren. He attributes much of his success to the opportunities provided by the college and the support from his family and co-workers.

## Athletic Director Joel Bate

Former CSI women's basketball coach Joel Bate is in the midst his first year at the helm of Golden Eagle Athletics.

Bate, who had been teaching in the English Department since he arrived on the CSI campus in 1993, gave up teaching in the classroom to work with student-athletes and coaches on a daily basis.

Bate coached at CSI from 1993 until 2000, leading the Golden Eagles to the national tournament in 1999. During that span, Bate compiled a 144-78 record. He coached four NJCAA All-Americans and four NJCAA Academic All-Americans. Two players went on to play professional basketball, including Jessica Gibbs Mesna who assisted current coach Randy Rogers. In 1999, Bate earned Region 18 Coach of the Year honors.

Prior to working at CSI, Bate taught and coached at Bishop Kelly High School in Boise. He taught senior English and headed the English department. In addition to his teaching duties, he coached girls' volleyball, track and basketball, where he compiled a 114-32 record and four third-place state finishes.

Bate earned his undergraduate degree in marketing at Boise State University and his master's degree in English at the University of Idaho in 1986.

Bate and his wife Donna and three children live in Twin Falls.

# Golden Eagle Booster Club

The College of Southern Idaho Athletic Department and the CSI Golden Eagle Booster club is now celebrating 41 years together. Formed in 1966, the booster club was organized to raise funds for all CSI student-athletes and promote CSI athletics. The athletic competition you are about to enjoy tonight has benefited from the long-standing commitment by the many faithful booster members who donate generously each year.

Many of the student-athletes you see on campus today have received scholarship money generated by the CSI Golden Eagle Booster Club. Memberships in the booster club are the main source of revenue CSI receives for student-athlete scholarships. By joining the booster club, individuals have a direct impact on the quality of student-athletes the college can attract. Members have a unique opportunity to develop friendships, and long-lasting relationships, and know that their financial support has helped a young person obtain a college degree.

If you're a fan of CSI athletics, your support can be expressed by joining the CSI Golden Eagle Booster club for the 2007-2008 season. Last year the booster club raised more than \$100,000 for the scholarship fund. We need your help. Members enjoy invitations to the booster club luncheons, email updates, discounts on concession items and free entry into post-game functions.

We're looking forward to welcoming you as a new booster member and seeing you at our next booster club function. GO EAGLES!!!!

McDonald's, locally owned and operated by Bill and Donna Kyle in Twin Falls, Burley and Jerome sponsors the CSI Golden Eagles and the McSlam-n-Jam. The money pledged for every dunk during home Golden Eagle basketball games is split between CSI Athletics and the Ronald McDonald House.

## **The Reason**

When a child becomes seriously ill, the whole family suffers, particularly if the child must be hospitalized or receive outpatient treatment far away from home for extended periods of time.

To be with their child, parents often sleep on uncomfortable chairs or cots, or bear the expense and impersonal atmosphere of a hotel room. At a time when they want all their strength available for their child, the simple demands of everyday life can seem overwhelming.

For these families, Ronald McDonald House offers a refuge from the hospital, a home-away-from-home, where they can have a room of their own, a comfortable bed, kitchen and laundry facilities, toys for the kids, and a cup of hot coffee.

## **Ronald McDonald House**

For the child, it's knowing that mom and dad are close by, in a good place. It's having a comforting, peaceful place to go from the hospital.

For a brother or sister who cannot be there, it's knowing that other family members are safe while away in a strange city.

For the parents in the House, it's knowing that they are not alone, that others have gone through similar situations and survived. It's new parents getting practical advice from "veterans." It's people drawing hope and strength from late-night conversations in corridors and kitchens, sharing experiences that can be difficult for family and friends back home to fully understand.

And, it's a place to treasure every moment of having a child "home," even if for just a short time.

For board members and volunteers, who give of their time, money, and skills, it's knowing that what they do really helps.

## **How The House Operates**

Each Ronald McDonald House is unique, created by a team of local citizens to meet the needs of their community. The House is owned and operated by the local not-for-profit organization created by these citizens.

Local McDonald's restaurants become involved in initial fundraising once several key elements are present: medical advisors from a hospital with a need for such a House; a parent organization comprised of people whose children have been treated or are being treated at the same hospital; and other interested and concerned volunteers.

To varying degrees, all groups participate in planning, construction, furnishing, building community awareness, securing goods and services, and ongoing House operations. Other local and national companies also volunteer their support through material donations and monetary contributions.

Families using the House donate \$5 to \$15 per day, if they can afford it. These revenues pay for part of the costs of continuing House operations.

## **How It Began**

The first Ronald McDonald House opened in Philadelphia in 1974 as the result of the perseverance and dedication of Fred Hill, then a Philadelphia Eagles football player.

Today, through similar efforts by other groups of dedicated individuals, Ronald McDonald House provides temporary housing for more than 350,000 people a year in facilities throughout the United States; Canada; Australia; Amsterdam, Netherlands; Geissen, West Germany.

McDonald's Corporation assists in increasing public awareness and in providing start-up funding for the new Houses. The local not-for-profit organization operating the House can qualify for \$25,000 grant from Ronald McDonald's Children's Charities.

Most importantly, it is the time and services of local volunteers and the local contributions of money and materials that make it possible for the Ronald McDonald Houses to be open and operating.

Assisting in these efforts, McDonald's restaurant franchisees, holding individual promotions around the country, have raised more than \$25 million for the Ronald McDonald Houses and the families they serve.

If you have questions about the national Ronald McDonald House program or wish to contact a local Ronald McDonald House regarding services, activities, volunteer work or tax deductible donations, write or call: Ronald McDonald House, 101 Warm Spring Ave., Boise, ID 83712.
